ICOI PREPARES FOR TWO EVENTS

This Summer and Fall will certainly perpetuate the ICOI’s primary mission of dental implant education as we host our Summer Implant Prosthetic Symposium in Chicago, August 21-23, 2014 and then our World Congress XXXI in Tokyo, October 3-5, 2014.

CHICAGO August 2014

For years we have held our Chicago Summer Implant Prosthetic Symposium at the downtown Marriott hotel. Well, guess what, we have outgrown that property!

With the very welcomed dilemma of increased attendees and vastly improved corporate support via exhibitors and sponsors at this and other ICOI events (we now have waiting lists for exhibitors at our meetings), our 2014 Summer Implant Prosthetic Symposium will be held at the Hyatt Regency McCormick Place Hotel & Convention Center. While the host hotel will be the Hyatt Regency, the meeting will take place in the convention center which is attached to the Hyatt.

Dr. Jon Suzuki, ICOI President, has designed a scientific program with the compelling theme, “Implant Failures”. The faculty will feature Generalists, Specialists,

Continued on page 3.

TOKYO October 2014

We are delighted to once again, hold our World Congress in the Asia-Pacific Section. The site for ICOI World Congress XXXI will be the grand Tokyo International Forum and Convention Center. The theme for the Congress, as designed by the Scientific Chairs, Dr. Koichi Ito and Dr. Jon Suzuki, is “The Future of Implant Dentistry”.

The meeting will be held on Friday, Saturday and Sunday, October 3-5, 2014. The Congress will commence on Friday morning with a program featuring special guest speakers, Drs. Dennis Tarnow, Craig Misch and Sang-Choon Cho. Dr. Tarnow will peek into his learned crystal ball as he speaks on “The Realities in a n Implant Dentistry Future”. Dr. Craig Misch will channel Shakespeare as he discusses, “To Graft or Not to Graft, That is the Question” and Dr. Sang-Choon Cho will expound on “Implant Oriented Sinus Augmentation—From Autogenous Bone

**Chicago**  Continued

Academinicians, and laboratory technicians with a primary focus on the restorative discipline, but with secondary emphasis on surgical placement and its issues. Featured speakers include Drs. Robert Blackwell, Lyndon Cooper, Frank De Luca, Charles Goodacre, Ken Hebel, Les Kalman, Aldo Leopardi, Craig Misch, Ricardo Mitrani, Ady Palti, Yvan Poitras, Thomas Rams, Randy Resnik, Paul Rosen, Guido Sarnachiaro, Edwin Scher and Raymond Yukna.

Accompanying the doctors program will be the customary 2½ day auxiliary program given by our component society, the ADIA, and designed by Lynn Mortilla, RDH.

While the General Session for this symposium begins at 1:00 p.m. on Thursday, August 21, 2014, several sponsor conducted pre-symposium workshops will be offered on Thursday morning from 8:00 a.m. to noon. We are pleased to announce that the following sponsors will offer both lecture and lecture/hands-on courses: GOLD SPONSOR, Zest Anchors; SILVER SPONSORS, BioHorizons, Consult Pro, Dentis, Dentsply Implants, Salvin Dental Specialties, and Misch International Implant Institute.

For full course descriptions, please refer to our meeting website at www.icoichicago2014.org.

A highlight of this symposium will be the testimonial reception to honor Dr. Carl Misch and to recognize the incredible contributions he has made to the field of oral implantology/implant dentistry, sponsored by several implant societies and companies.

**Tokyo**  Continued

To BMP”. Following these three lectures will be two doctors who present cases from the Young Implantologists’ perspective. Dr. David Holmes will show cases involving “Implant Surfaces and Peri-Implantitis; from Surface to Supperation”, followed by Dr. Teruaki Homma whose focus will be “One Miracle at a Time, One Abutment at a Time”.

On Saturday and Sunday, October 4-5, the Main Podium of the Congress will be a host of international speakers including Drs. Mani Alikhani, Nabil Barakat, Bach Le, Scott Ganz, Thomas Han, Joseph Kan, Yataro Komiyama, Richard Kraut, Paul Lin, Preston Miller, Ady Palti, Gerald Scortecci, and Takashi Tsuji.

Sponsors’ Workshops by Nobel Biocare and Biomet 3i will be featured on Friday afternoon, October 3rd from 1:30 to 4:30 pm. Attendees should plan to attend one of these courses, since they are free.

There will also be a full day program for hygienists presented on Friday, October 3rd by ADIA Executive Director, Lynn D. Morriilla, RDH. Doctors should plan to bring their hygienist team members to this important program.

The social highlight of the World Congress will be the Gala Dinner which will be held on Saturday, October 4th at the elegant Imperial Hotel. Labeled, “A Night in Tokyo”, this evening promises to be filled with fascinating entertainment, food and drink. The dinner will also honor the in-coming ICOI President, Dr. Gerard Scortecci from France and newly elected President of the ICOI Asia-Pacific Section, Dr. Shohei Kasugai from Japan.

For full details about the ICOI Summer Implant Prosthetic Symposium in Chicago this August, visit our meeting website at www.icoichicago2014.org.

For complete information on World Congress XXXI in Tokyo, Japan this October, please visit the website at www.2014-icoi-world-congress.info
ICOI Affiliate, the Spanish College of Oral Implantologists (SCOI), hosted their third International Implant Congress, March 28-29, 2014 at the Convention Center in Granada, Spain. SCOI officers, Drs. Pablo Galindo Moreno and Jordi Gargallo, reported that the meeting attracted over 700 attendees and exhibitors from 37 companies, improving on their second congress held in Granada in 2011. Another measure of this meeting’s success was the fact that they had nearly 100 Poster Presentations!

The theme of the congress included Regeneration of Soft and Hard Tissues during Implant Surgery, Esthetic Periodontal-Prosthesis using CAD/CAM, and Implant Complications, including smoking and dental implant outcomes. The program was organized by Dr. Pablo Galindo Moreno, chair of the congress and section leaders, with a large network of internationally renowned speakers. The opening program on Thursday focused on implant outcomes and regeneration with ICOI President Prof. Jon B. Suzuki, Prof. Georgia Johnson, Prof. Ernesto Lee, and Dr. Frederik Engmann presenting.

Friday morning’s program was innovative and filled with contemporary information in the format of short (10 minutes) abstract research presentations mixed with presentations by Dr. Shih-Cheng Wen, Prof. Istvan Urban, Prof. Tord Berglundh, and Dr. Tolga Fikret Tozum.

Friday afternoon’s program on Implant complications included speakers investigating these issues: Prof. H.L. Wang, Dr. Miguel Padial-Molina, Sergio Spinato, Giulio Rasperini, Cheng-Hsiang Hsu, and Florin Lazarescu.

Saturdays’ program opened with Prof. Niklaus Lang, followed by Drs. Fouad Khoury, Scott Ganz, Gintaras Juodzbalys, Miguel Romero Bustillos, Giovanni Salvi, Luca Gobbato and Javier Gil continuing issues related to Implant Complications.

Following Saturday’s presentations, three ICOI Diplomates and several ICOI Fellowships were awarded.

Congratulations to Dr. Pablo Galindo Moreno and the SCOI for this successful meeting. Dr. Jordi Gargallo then reported to the SCOI that final arrangements had just been made by ICOI Executive Director, R. Craig Johnson, to hold ICOI WORLD CONGRESS XXXIII in Barcelona, Spain, April 21-23, 2016. The SCOI and our other Spanish Affiliate, the Sociedad Espanola de Implantes (SEI) have agreed to co-host this World Congress with the ICOI. Muy Bueno!

The following doctors received their Fellowships at this meeting:
Carlos Nestor Torres Sanchez
Jose Ignacio Vilches Perez
M. Angeles Sanchez Garces

Diplomate award recipients:
Angel Insua Brandariz
Angel C. Zamora Carrillo

The SCOI Breaks their Own Attendance Record as they Host their 3rd Implant Symposium in Granada

Despite the difficulties, despite claims of instability and despite all obstacles, Alexandria Oral Implantology Association (AOIA) located in Alexandria, Egypt, managed to amaze the dental world again with yet another International Congress, STARS MEETING 2014.

STARS MEETING 2014 held during April 2-4, 2014 in Alexandria, is the third in a series of AOIA’s international congresses, namely STARS MEETING 2010 and STARS MEETING 2012, which have all proven to be the biggest dental congresses in the Middle East during the years they have been held.

However, 2014 topped them all with more than 3000 dentists joining from all over the world. It has been described by Dr. Scott Ganz, one of the main speakers, as “fabulous”. The congress was held in close collaboration with the International Congress of Oral Implantologists (ICOI). The gala dinner included a ceremony for presenting AOIA and ICOI credentials. Other international speakers included Dr. Alain Simonpieri and Dr. Carlos Sabrosa amongst others who have all added value to the scientific program.

Perhaps, there was an exceptionally special taste to this congress as Prof. M. Sherine El-Attar, AOIA’s president, has chosen to honor the female dentists in the gala dinner in recognition of their role and continuous giving to dentistry in Egypt. Along the same subject, this year’s congress secretary has been Dr. Nadia Gaama, who now holds the title of the first female congress secretary in the history of AOIA.

Furthermore, a tradeshow that incorporated many of the leading world dental companies has been held. The AOIA is a non-profit organization that continues to deliver the latest information and enhance education in the dental community in the Middle East by building communication and affiliation links with dental schools and associations worldwide.

It’s hard to know Egypt unless you’ve been there and it’s harder to feel the AOIA spirit unless you’ve met the AOIA team in person. To call STARS MEETING 2014 a great success would be by far much less than what it was worth in terms of science, organization and social activities. But you wouldn’t know that unless you’ve been there, and so the good news is it’s a biannual international congress, which means there’s always another one to wait for at AOIA. Look out for STARS MEETING 2016.

Sara Beltagui
AOIA Coordinator
The First ICOI Diplomate Ceremony in Jamaica

During the 1st Carl Misch Oration on the 5th of January 2014, the first ICOI Diplomate ceremony took place at the University of the West Indies Regional Headquarters in Jamaica.

Dr. Larry Kassel, Dr. Kabassela, Dr. Obebe, Dr. Winston Grey, Dr. McKenzie, and Dr. Annette Riley were awarded with the Diplomate of the International Congress of Oral Implantologists after obtaining an intensive Diplomate certification training at the Dental Institute of the Caribbean. During this ceremony, Dr. Joan Hendricks Jackson was also awarded fellowship in the International Congress of Oral Implantologists.

Many thanks to our leaders, Dr. Carl Misch and Dr. Kenneth Judy for the contributions they have made for implantology training to be possible in the Caribbean.

Dr. Carl Misch and Dr. Ogunsalu officiated this ceremony and Dr. Douglas Maxsom of San Jose and Dr. Ali Moheb, USA were the Diplomate Examiners.

The First Dr. Carl Misch Oration for the Caribbean

The 1st Carl Misch Oration was delivered by Dr. Carl Misch himself on the 5th of January 2014 at the UWI Regional Headquarters in Jamaica. This function, an ICOI-SPONSORED event was Co-chaired by Dr. Kenneth Judy and Dr. Christopher Ogunsalu. Dr. Carl Misch, the great Dental/Implant living Legend, was introduced to the Caribbean Dental Fraternity as one of the Greatest Dentists in the World and was able to effectively demystify implants to the audience in 1-day. The Caribbean dental students that attended were immediately sensitized to the management of patients with Dental Implants. Dr. Carl Misch lectured smartly, intelligently and very fast to the audience and I must confess I have not seen anything like this before. The Minster of Health of Jamaica, the Honorable Dr. Fenton Ferguson listened to every lecture of Carl’s. Dr. Carl Misch was subsequently presented the 1st Fellowship of the International Postgraduate Medical College and the Keys to the Dental Institute of the Caribbean (In Honor of Dr. Kenneth Judy).

Dr. Kenneth Judy and Professor Jon Suzuki were also presented with the Fellowship of the International Postgraduate Medical College. The Carl Misch Oration ended with the 1st Induction ceremony of the International College of Dentistry in the English – Speaking Caribbean which was officiated by Dr. John Hinterman (Secretary General of the College), Dr. Ogunsalu and Dr. Carl Misch.

By Dr. Christopher Ogunsalu

IRAN

The 12th International Congress of Iranian Maxillofacial Surgeons Association and the 4th Persian Gulf Implant Symposium was held in Tehran, Iran, February 26-28, 2014. The Venue of the Congress was the Olympic Hotel.

The President of the Maxillofacial Association, Dr. Mohammad Bayat, recently became Dean of Tehran University School of Dentistry. The Chairman of the Congress was Dr. Ali Hassani, Associate Professor of Tehran Azad University and a principal of ICOI Affiliate Society, the Iranian Center of Oral Implantology (ICOI).

International speakers included the following: Dr. Bodo Hoffmeister, Dr. Patrick Gudot, Dr. Ashraf Ayoub, Dr. Dominic Ettlin, Dr. Alexander Pazoki, Dr. Pierre Mahy, Dr. Mark Stevens, Dr. Marcin Kozakiewicz, and Dr. Chantal Malevez. Dr. Hossein Behnia, ICOI Diplomate, and Dr. Hassan Shayesteh, ICOI Ambassador, also spoke at this meeting. Congress officials were extremely pleased with the number of attendees (1,500 doctors and corporate sponsors) since the Congress was held just prior to the Iranian New Year when many dentists are reluctant to be out of the office.

The Iranian Center of Oral Implantology was a Platinum sponsor for this event and distributed over 500 ICOI membership applications to attendees. We thank our Iranian affiliate for all of their support.

INDIA

20th National Conference of ISOI Focuses on “Success Beyond Survival”

In its Silver Jubilee year, the Indian Society of Oral Implantologists (ISOI) organized its 20th National Conference from 18-20 October 2013 in Mumbai, India’s commercial capital. The conference was themed ‘Success Beyond Survival’ and brought to the table the most sought after speakers in the global dental implant arena. The conference had a good participation of delegates and showcased the latest innovations and clinical applications, covering aspects of guided implant placements, CAD/CAM generated frameworks and predictable options in hard and soft tissue regeneration.

State-of-the-art workshops offered practical hands-on learning. Pre-conference courses and in the main conference, plenary sessions, paper presentations and panel discussions showcased talent, skills and research and gave delegates a rewarding learning experience. ICOI Credentials were presented to ICOI members on the evening of October 19th at a special banquet ceremony. A vibrant display of trade exhibits by the dental trade community offered the latest devices and materials for dental clinics in the Indian sub-continent.

The conference turned out to be more than a learn and share experience. There was a special Silver Jubilee celebration for all and, of course, several opportunities for delegates to take back to their clinics.

The following ICOI Members from India received ICOI Credentials:

Fellowship Award Recipients:
Dr. Dipti Gandhi  
Dr. Amit Chablani  
Dr. Maroof Reza  
Dr. B. Venkat Reddi  
Dr. Sunil Kunniyoor  
Dr. Honee Syed

Diplomate Award Recipients:
Dr. Maroof Reza  
Dr. Abhishek Shah  
Dr. B. Venkat Reddi  
Dr. Somnath Paru
NYU’s Commitment to Dental Implants

New Journal on a Hot Subject

Given the interest and the ever changing science of cone beam technology, it is not surprising that a new journal has been introduced on the subject. Cone Beam International Magazine of Cone Beam Dentistry was launched in February 2014 and was introduced at the Imagina Dental 3D CAD CAM Conference in Monaco. Seen in the photo above is its proud new editor, Dr. Scott Ganz. The magazine is being published by Dental Tribune.

New ICOI Appointees

Please join us in acknowledging the following new Vice President, Ambassadors and addition to the Advanced Credentials Commission:

- Dr. Aldo Vicari from Caracas has been appointed an ICOI Vice President for Venezuela.
- Drs. Sang-Choon Cho and Dal-Joon Yoo have joined our Ambassadors’ Circle representing their native land, South Korea. Also, Dr. Christopher Ogunsalu and Prof. Toks Abiose have been appointed to the Ambassadors’ Circle for West Africa.
- Dr. Abdullah AlShuraidah is our newest appointee to the Advanced Credentials Commission from Kuwait and Prof. Toks Abiose from West Africa.

ICOI Continues its Support of Implantology Teaching in Dubai

New ICOI Appointees

- Drs. Sang-Choon Cho and Dal-Joon Yoo have joined our Ambassadors’ Circle representing their native land, South Korea. Also, Dr. Christopher Ogunsalu and Prof. Toks Abiose have been appointed to the Ambassadors’ Circle for West Africa.
- Dr. Abdullah AlShuraidah is our newest appointee to the Advanced Credentials Commission from Kuwait and Prof. Toks Abiose from West Africa.

In Memoriam

Our profession has lost a great friend of Implantology. Prof. Gianni Palattella has passed away in Rome, Italy. Over several decades, Gianni promoted our field among his colleagues, university and implant meetings. Carl will remember being invited several times to lecture at their prestigious Congress of University faculty early on. As Chairman of Department of Prosthodontics at Rome University “La Sapienza” he always promoted high work ethics and was a leader everyone loved and respected. In a highly political country like Italy, this says a lot.
