ICOI CENTRAL AMERICA SYMPOSIUM

“Achieving Predictable Outcomes in Implant Dentistry”

Dear Colleagues,

It is our great pleasure to welcome you to the ICOI Central America Symposium which will be held February 28 to March 2, 2019 in San Jose, Costa Rica.

We are excited to have you join us and know that your time in Costa Rica will be memorable. Costa Rica is recognized as one of the happiest countries in the world and one of the most popular vacation destinations. This extraordinary country lies majestically between the Pacific Ocean and the Caribbean Sea, in the Central American isthmus. Its irregular coasts are full of incredibly beautiful beaches, peninsulas, bays and gulfs that make it a privileged travel destination.

The Symposium will discuss a wide range of different concepts and philosophies related to the etiology, prevention and management of complications. As expected, both the surgical and prosthetic part, in addition to legal considerations, will be exposed to help clinicians gain a better understanding of the different factors that will lead us to perform long-term successful treatments in oral implantology.

We look forward to experiencing the unique environment of Costa Rica with you. Prepare yourself for a country where varied ecosystems live together to create impressive landscapes and unique scenic points with you. Costa Rica is the birthplace of ecotourism. Think, rainforests, volcanoes, rivers and waterfalls; the sightseeing in Costa Rica is just breathtaking!

We thank you for your participation and as they say in Costa Rica - “Pura vida” - a fun phrase and way of life with literally translates to “pure life”, the more practical definition would be don’t worry, it will be alright.

Dr. Ivan Navarro, Scientific Program Chair

There will be simultaneous translation services provided for the entire program.

MISSION STATEMENT

The ICOI Central America Symposium has the mission to train its participants through a comprehensive review of all the scientific and treatment aspects in oral implantology, without neglecting the complications that may arise in this science. The Symposium will discuss a wide range of different concepts and philosophies related to the etiology, prevention and management of complications. As expected, both the surgical and prosthetic part, in addition to legal considerations, will be exposed to help clinicians gain a better understanding of the different factors that will lead us to perform long-term successful treatments in oral implantology.

OBJECTIVES

Upon completion of this symposium attendees will:

- Be exposed to relevant scientific literature related to the treatment plan phase of Dental Implants, in order to avoid complications.
- Understand the importance of planning prior to performing an oral implantology treatment: Medical evaluation, radiographic evaluation, pharmacology which are directly related to the success levels of our cases.
- Understand the etiological factors that directly or indirectly influence morbidity in oral implantology.
- Understand the limitations of the new prosthetic products and materials available today in oral implantology.
- Understand the prevention of functional and aesthetic complications related to the prosthetic design and the principles of occlusion.

MAIN PODIUM FACULTY

Dr. Juan Carlos Carvajal
Prosthodontist, Prof.
Univ. of Chile
Santiago, Chile

Dr. Rodrigo Neiva
Periodontist, Prof. Univ.
of Florida
Gainesville, Florida

Dr. Guillermo Chacón
Oral & Maxillofacial Surgeon,
Prof. Univ. of Washington
Gig Harbor, Washington

Dr. Ady Palti
General Practitioner
Baden Baden, Germany

Dr. Francisco Marchesani
Oral & Maxillofacial Surgeon,
Prof. Univ. of Concepcion
Concepcion, Chile

Dr. Georgios Romanos
Periodontist, Prosthodontist,
Prof. Univ of Stony Brook
Stony Brook, New York

Dr. Craig Misch
Oral & Maxillofacial Surgeon,
Prosthodontist
Sarasota, Florida

Dr. Guido Sarnachiaro
Prosthodontist
New York, New York

ACCREDITATION

ICOI designates the Scientific Program for 18 continuing education credits.

All Scientific Session presentations are lecture format and qualify for AGD Subject Code 690 Implant.

ADA C-E-R-P® | Continuing Education
Recognition Program

ICOI is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

ICOI is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from April 1, 2018 to March 31, 2021. Provider ID# 217378.

PRE-SYMPOSIUM COURSES

Thursday, February 28, 2019 | 8:00 am – 12:00 pm

Sponsored by:

ZIMMER BIOMET

Your progress. Our promise.

Fee: *Gratis*

Hands-On Course, Attendance is Limited.

AGD Code: 690

DR. FRANCISCO MARCHESANI

Alveolar Reconstruction

In this 4-hour hands-on course using a pig mandible, we will review: Soft tissue management for primary closure tension free; Suture technique to achieve primary and hermetic closure tension free; Horizontal alveolar reconstruction. Collagen membrane in GBR, collagen membrane fixation, implant placement plus GBR, biomaterials in GBR; Vertical alveolar reconstruction: harvesting from the retromolar area, microfixation, piezo surgery, teflon membranes for vertical augmentation, alveolar ridge split, biomaterial in vertical augmentation.

Course Objectives:

Upon completion of this course, attendees will:

- Improve the indication of different suturing material and suturing techniques
- Learn the proper technique and closure tension free for vertical and horizontal augmentation
- Learn the collagen membrane fixation
- Learn the biomaterial features for GBR
- Learn the anatomy from the retromolar for biological augmentation

For more information and registration visit www.icoi.org

PRE-SYMPOSIUM COURSES *Continued*

Thursday, February 28, 2019 | 8:00 am – 12:00 pm

Sponsored by:

Fee: \$49 USD

Attendance is Limited.

AGD Code: 690

DR. PARESH B. PATEL

Latest Advances in Implant Treatment: From Single Implants to the Full-Arch

Dr. Patel will review techniques in implant surgery and restoration to provide your patients with the optimum result. He will explore the restorative options, treatment protocols, and clinical considerations involved in determining the ideal solutions for patients missing a single tooth up to a full arch.

Course Objectives:

- Diagnosis and treatment planning for single units, bridges, and full arches
- Restorative based treatment planning
- Best practices for safe and predictable implant surgery
- Considerations for anterior implant placement: What are the rules?
- Screw retained vs cemented restorations
- Removable vs. fixed implant restorations

For more information and registration visit www.icoi.org

PRE-SYMPOSIUM COURSES *Continued*

Thursday, February 28, 2019 | 8:00 am – 12:00 pm

Sponsored by:

Fee: *Gratis*

Attendance is *Limited*.

AGD Code: 690

LUCAS GIL, DDS, MS AND DANIEL CIFUENTES, DDS, MS

Immediate Implant Placement and the Restorative Digital Workflow

In this course we will review the latest advances in dentistry and how they have allowed us to incorporate into our daily practice an entirely new way of doing implant dentistry. From immediate implant placement in the anterior and posterior segment of the mouth to a transitioning to completely digital workflows that simplify the delivery for the dental team. These new technologies are providing new opportunities for the dental team to achieve dental implant cases with are more predictable cost and predictable outcome.

Course Objectives:

- Review the biological conditions for success with immediately placed implants in the anterior and posterior segment
- Discuss ideal emergence profiles of implant abutments and how to create them for proper implant restoration
- Develop an understanding of digital impression scanners
- Learn the procedures and steps involved in taking a digital implant impression
- Establish an understanding of digital implant treatment planning and how to incorporate CAD/CAM in daily implant practice

SCIENTIFIC PROGRAM

Thursday, February 28, 2019 | Afternoon Session

3:00 pm to 3:15 pm	Opening Comments Dr. Rafael Porras - CCDCR
3:15 pm to 3:45 pm	Dr. Ady Palti <i>ICOI Membership Benefits</i>
3:45 pm to 4:45 pm	Dr. Guido Sarnachiaro <i>Surgical and Prosthetic Considerations for Immediate Implant Placement in the Aesthetic Zone</i>
4:45 pm to 5:45 pm	Dr. Georgios Romanos <i>Factors for Optimizing Implant Maintenance</i>
6:00 pm to 8:30 pm	Tabletop & Poster Presentations and Welcome Reception

Friday, March 1, 2019

8:00 am to 10:00 am	Dr. Rodrigo Neiva <i>LASSO GBR: Rationale and Technique</i>
10:00 am to 10:30 am	Break with Exhibitors
10:30 am to 12:30 pm	Dr. Guillermo Chacón <i>Latest Advances in Surgical Implant Dentistry</i>
12:30 pm to 1:30 pm	Lunch with Exhibitors
1:30 pm to 3:30 pm	Dr. Francisco Marchesani <i>Predictable Protocols for Alveolar Reconstruction, Maxillary Sinus Reconstruction and Management of It's Complications</i>
3:30 pm to 4:15 pm	Break with Exhibitors
4:15 pm to 6:15 pm	Dr. Francisco Marchesani <i>Continued</i>

For more information and registration visit www.icoi.org

SCIENTIFIC PROGRAM

Saturday, March 2, 2019

8:00 am to 10:00 am	Dr. Juan Carlos Carvajal <i>Predictable Prosthetic Protocols: Influence of Implant Distribution on Therapeutic Success</i>
10:00 am to 10:30 am	Break with Exhibitors
10:30 am to 12:30 pm	Dr. Juan Carlos Carvajal <i>Continued</i>
12:30 pm to 1:30 pm	Lunch with Exhibitors
1:30 pm to 3:30 pm	Dr. Ady Palti <i>Esthetics in Implant Dentistry - From Full Arch to Single Tooth Restoration: A Step by Step Concept for the Implant Practice</i>
3:30 pm to 4:15 pm	Break with Exhibitors
4:15 pm to 6:15 pm	Dr. Craig Misch <i>Changing Treatment Paradigms in Implant Dentistry via Advances in Regenerative Materials & Implant Design</i>
7:00 pm to 8:00 pm	Awards Ceremony
8:00 pm to 12:00 am	Gala Night

GENERAL INFORMATION

HOTEL INFORMATION

Real Intercontinental San Jose Hotel in the heart of San Jose, Costa Rica is where the symposium will take place but there are 2 hotels where we have discounted room rates.

- The Real Intercontinental San Jose is located In Front of Multiplaza, Shopping Center, Escazu, San Jose, 11856-1000, Costa Rica.
- The Hotel Real Quality San Jose located at Autopista Prospero Fernandez, Costado Este Forum, San Jose, 00000, Costa Rica.

For reservations at either of the hotels please call: +506-2-2082100.

Don't forget to mention that you are a delegate to the ICOI Central America Symposium.

TABLETOP AND POSTER PRESENTATIONS

Thursday, February 28, 2019 | 6:00 pm - 8:30 pm

Plan to participate in our very popular Tabletop and Poster competition which will be held in tandem with our Welcome Reception in the Exhibit Hall on Thursday from 6:00 to 8:30 pm. It allows presenters to interact with colleagues in a social, yet instructive manner. Tabletop and Poster presentations should display a challenging case or concept in a limited time format, i.e. 5-7 minutes, so that the case can be repeated as new observers gather. Poster presentations will be placed (tacked or taped) on boards at the beginning of the symposium and will remain on display throughout the symposium. Poster presenters should be at their posters to answer inquiries during the Welcome Reception. All presentations will be judged, with the winners receiving awards and main podium consideration for future ICOI meetings.

REMEMBER, ALL FELLOWS, MASTERS AND DIPLOMATES WHO CONDUCT TABLETOP OR POSTER PRESENTATIONS HELP FULFILL THEIR FIVE-YEAR MAINTENANCE REQUIREMENTS.

Parties interested in conducting a Tabletop and/or Poster presentation must contact the Chair for this competition, Dr. Avi Schetritt, to request an application.

Completed applications must be submitted by February 1, 2019.

Dr. Avi Schetritt – Email: dravi@comcast.net

SOCIAL SCHEDULE

WELCOME RECEPTION WITH EXHIBITORS

Thursday, February 28, 2019 | 6:00 pm - 8:30 pm

Our Welcome Reception in the Exhibit Hall follows the afternoon session of the congress and allows for delegates to relax with drinks and hor d'oeuvres, socialize with colleagues, take advantage of product discounts being offered at the meeting by our exhibitors and to experience and discuss presentations made by our Tabletop and Poster participants. This aspect of the Welcome Reception continues to be a favorite amongst our attendees.

DIPLOMATE/MASTERSHIP/FELLOWSHIP AWARDS CEREMONY

Saturday, March 2, 2019 | 7:00 pm - 8:00 pm

The Advanced Credentials' Awards ceremony will be held at the Real Intercontinental San Jose. Please plan to attend the reception which celebrates our newest class of ICOI Diplomates, Masters, Fellows and ADIA Fellows. Attendance at this social event has grown tremendously, as our members have achieved their advanced credentials. It provides an opportunity for family, staff and other ICOI members to celebrate as we toast our newest credentialed members. Dress is business attire.

GALA DINNER

Saturday, March 2, 2019 | 8:00 pm - 12:00 am

Our Gala Dinner will be held on Saturday night at the Real Intercontinental San Jose. The gala will be a celebration of ICOI Central America boasting cuisine and entertainment from the region. This is a very popular event and typically sells out early. Tickets for the Gala are \$65 USD. Please order your tickets on the registration form.

Accompanying Persons are welcome to attend our social programs for \$75 per person. Please visit www.icoi.org for additional information.
