WELCOME

ICOI WINTER IMPLANT SYMPOSIUM IN NEW ORLEANS, LOUISIANA

Dear Colleagues,

I am honored to welcome you to New Orleans, Louisiana for the 2023, ICOI Winter Implant Symposium.

New Orleans is known for its distinctive music, Creole cuisine, unique dialects and its annual celebrations and festivals, most notably Mardi Gras. The historic heart of the city is the French Quarter and the vibrant nightlife along Bourbon Street is world famous.

This Winter Implant Symposium will kick off three days of dynamic speakers including several pre-congress half day workshops on Thursday morning. The main podium program will start Thursday afternoon as we hear all about the digital advancements in implant dentistry and much more.

On Thursday evening, the Welcome Reception will be a forum for poster presentations and table clinics showcasing our colleagues' fantastic concepts and research in the field of implantology.

The main podium scientific session lectures will continue Friday morning through Saturday evening and will feature world class speakers from around the world focusing on technology in oral implantology. These scientific sessions will offer attendees the latest in scientific and research-based information. Upon return to their practices attendees can start to apply these new skills and ultimately change patients' lives for the better.

The Winter Implant Symposium will also offer a multi-day auxiliary program for your team, complete with three certification programs. New Orleans is an exciting destination and the ICOI programs are great for team building.

I look forward to welcoming you to the Winter Implant Symposium, January 19-21, 2023 and we encourage you to bring your family, staff and colleagues to New Orleans.

All the best,

Dr. John Russo

Dr. John Russo
Scientific Program Chairman

MISSION STATEMENT

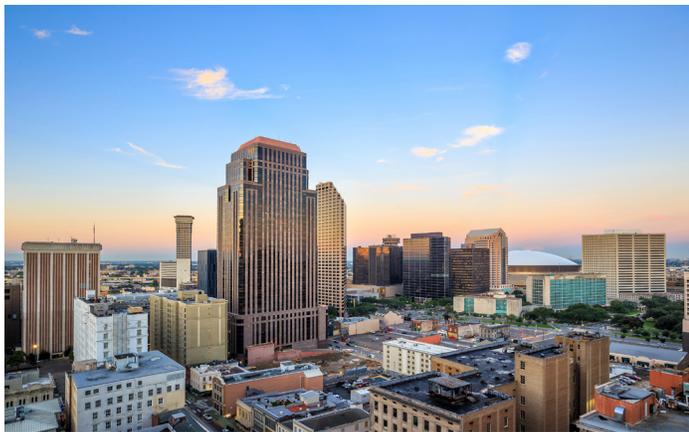

"TRANSFORMING YOUR PRACTICE UTILIZING DIGITAL DENTISTRY"

MISSION STATEMENT

The mission of the ICOI Winter Implant Symposium in New Orleans is to gain a better understanding of the state of the art in implant dentistry based on the new scientific findings and guide clinicians in their daily practice to achieve long term predictable results in the aesthetic and non-aesthetic zones.

LEARNING OBJECTIVES

- Understand the benefits of dynamic guided surgery vs. static guides
- Define the advantages of robotic guided and freehand dynamic and static guided implant placement
- Control digital workflow in treatment planning and fabricating temporary and permanent implant restorations
- Appreciate the benefits of microsurgery in implant dentistry
- Prevent and treat peri-implantitis

ACCREDITATION

ICOI designates the Scientific Program for 20 continuing education credits.

All Scientific Session presentations are lecture format and qualify for AGD Subject Code 690 Implant.

ADA CERP® | Continuing Education Recognition Program

ICOI is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

International Congress of Oral Implantologists (ICOI). Nationally Approved PACE Program Provider for FAGD/MAGD credit. Approval does not imply acceptance by any regulatory authority or AGD endorsement. April 1, 2021 to March 31, 2024. Provider ID# 217378.

For more information and registration visit www.icoi.org

MAIN PODIUM FACULTY

MR. STEPHEN BALSHI
Lab Technician
Fort Washington, Pennsylvania

DR. DWAYNE KARATEEW
Periodontist; Prof. Univ. of
Illinois, Chicago
Chicago, Illinois

DR. KONSTANTINOS VALAVANIS
General Practitioner
Athens, Greece

DR. HUSSEIN BASMA
Periodontist; Prosthodontist
Vestavia Hills, Alabama

DR. PHILIP KEEVE
Oral & Maxillofacial Surgeon;
Periodontist
Hamelin, Germany

ADIA SPEAKERS

DR. DAN CULLUM
Oral & Maxillofacial Surgeon
Coeur d'Alene, Idaho

DR. IRENE MARRON-TARRAZZI
Periodontist; Prof. Nova
Southeastern University
Miami, Florida

VAVI BOHBOT
Dollard Des Ormeaux,
QC, Canada

DR. ROBERT EMERY
Oral & Maxillofacial Surgeon
Washington D.C.

DR. KELLY MISCH
Periodontist & Prosthodontist
Dunmore, Pennsylvania

JEN BUTLER
Phoenix, Arizona

DR. RICK FERGUSON
General Practitioner
Davie, Florida

DR. ROBERT PAULEY
General Practitioner
Union City, Georgia

TRACY BUTLER
West Palm Beach, Florida

DR. PAUL FLETCHER
Periodontist
Southampton, New York

DR. PAUL PETRUNGARO
Periodontist
Oakbrook Terrace, Illinois

LESLIE ICENOGLLE
Westfield, Indiana

DR. KRISTEN FRANTZ
Periodontist; Prosthodontist
Dunmore, Pennsylvania

DR. ANDRES PONCE
Prosthodontist
Temuco, Chile

ANNA LOUISE TOLAN
Mississauga, ON, Canada

DR. JEFFREY GANELES
Periodontist; Prof. Nova
Southeastern University
Boca Raton, Florida

DR. WALTER RENNE
General Practitioner
Charleston, South Carolina

SUSAN WINGROVE
Missoula, Montana

DR. DAN HOLTZCLAW
Periodontist
Leander, Texas

DR. MITRA SADRAMELI
Oral & Maxillofacial Radiologist;
Prof. Univ. of Washington in
Seattle, Washington
Chicago, Illinois

DR. GILES HORROCKS
Periodontist
Boulder, Colorado

DR. AVI SCHETRITT
Periodontist
Miami, Florida

PRE-SYMPOSIUM COURSES

THURSDAY, JANUARY 19, 2023 • 8:00 AM - 12:00 PM

Sponsored by:

Fee: Gratis

AGD Code: 690

Hands-on Course, Attendance is limited

DRS. TIMOTHY KOSINSKI & ROBERT J. MILLER

ACHIEVING SYNERGY IN SURGERY: FROM ONE-STEP RIDGE PRESERVATION WITHOUT A MEMBRANE TO ENHANCING THE IMPLANT SITE BY COMBINING NOVEL BIOMATERIALS WITH AUTOLOGOUS GROWTH FACTORS

From simple and cost-effective socket grafting to more advanced clinical concepts in bone regeneration, this course covers a spectrum of pliable preformed shapes used for bone grafting procedures for implant placement. Surgical techniques and novel biomaterials will be discussed using Synthetic Bioactive Resorbable Calcium Apatite crystals combined with bovine achilles tendon collagen to form a composite material known as the OsteoGen® Bone Grafting Plugs, Strips and Blocks. The scientific and biologic basis of growth factor utilization in bone and soft tissue applications will be reviewed using L-PRF technology combined with the OsteoGen® Plugs, Strips and Blocks.

COURSE OBJECTIVES

Upon completion of this course, attendees will:

- Demonstrate simple, predictable, and cost-effective socket grafting techniques without the use of a membrane using the OsteoGen® Bone Grafting Plugs.
- Review additional surgical applications of the OsteoGen® Plugs, Strips and Blocks covering post-extraction grafting around immediately placed implants as well as filling interproximal and facial gaps after extraction, sinus lifts and onlay grafting.
- Discuss the scientific and biological basis of growth factor utilization in bone and soft tissue grafting applications.

For more information and registration visit www.icoi.org

PRE-SYMPOSIUM COURSES

THURSDAY, JANUARY 19, 2023 • 8:00 AM - 12:00 PM

Sponsored by:

Fee: Gratis

AGD Code: 690

Hands-on Course, Attendance is limited

DR. AVI SCHETRITT

EXTRACTION SOCKET GRAFTING FOR IMPLANT SITE DEVELOPMENT

The long-term success of dental implants is often dependent on the quality and quantity of bone available for implant placement. Extraction socket grafting is a crucial step in implant site development and often reduces the need for additional bone grafting procedures. This course will review the step-by-step procedure for predictable extraction socket grafting. Selection of the appropriate bone graft material and membrane will also be discussed. The hands-on portion of the course will allow attendees to practice and master the technique.

COURSE OBJECTIVES

Upon completion of this course, attendees will:

- Understand extraction socket wound healing
- Understand the differences between bone graft materials and their indications
- Understand the differences between regenerative membranes and their indications
- Gain hands-on experience of socket grafting techniques

For more information and registration visit www.icoi.org

PRE-SYMPOSIUM COURSES

THURSDAY, JANUARY 19, 2023 • 8:00 AM - 12:00 PM

Sponsored by:

Fee: \$100

AGD Code: 690

Hands-on Course, Attendance is limited

DRS. IRENE-MARRON TARRAZZI & JOHN RUSSO

SEE MORE, TREAT BETTER, PRACTICE LONGER

Practical, instructor led, hands-on course introducing the clinical uses and significance of microscope magnification and illumination in dental procedures. Learn how a surgical microscope enables you to visualize high-contrast images to see small details and fine structures to improve the quality of examination and treatment. Demonstrated techniques include: soft tissue grafting, implant repair and guided tissue regeneration. This course is geared towards General Practitioners and other non-scope users.

COURSE OBJECTIVES

Upon completion of this course, attendees will:

- Understand the benefits of proper ergonomics to extend the longevity of a career in dentistry
- Describe, to your patients, the advantages of smaller incisions and more conservative surgical procedures achieved by using a surgical microscope
- Experience, through hands- on exercises, the benefits of practice to accelerate adaptation to a surgical microscope

SCIENTIFIC PROGRAM

THURSDAY, JANUARY 19, 2023 • AFTERNOON SESSION

12:15 pm to 12:30 pm	OPENING COMMENTS
12:30 pm to 1:30 pm	DR. DWAYNE KARATEEW Guided Bone Regeneration in the Age of Digital Dentistry
1:30 pm to 2:30 pm	DR. GILES HORROCKS Predicting, Preserving, Rescuing the Soft Tissue Around Dental Implants
2:30 pm to 3:15 pm	BREAK WITH EXHIBITORS
3:15 pm to 4:15 pm	DR. HUSSEIN BASMA Combining Digital Workflow and Biological Concepts to Achieve Excellence in the Esthetic Zone
4:15 pm to 5:15 pm	MR. STEPHEN BALSHI Full-Arch Hybrid Implant Prosthetics Driven by Digital Dentures
5:15 pm to 6:15 pm	DR. PAUL FLETCHER Therapeutic Options and Protocols for the Treatment of Peri-implant Disease

FRIDAY, JANUARY 20, 2023 • MORNING SESSION

8:00 am to 9:00 am	DR. ROBERT EMERY Dynamic Navigation: Improving the Collaborative Workflow for Dental Implant Surgery
9:00 am to 10:00 am	DR. PAUL PETRUNGARO Treatment Planning for Maxillary Atrophy: Incorporating Zygomatic Implants Into the Initial All on X Protocol
10:00 am to 10:30 am	BREAK WITH EXHIBITORS
10:30 am to 11:30 am	DR. MITRA SADRAMELI CBCT Evaluation of the Mandibular Canal in Atrophic Mandible to Minimize Implant Placement Complications
11:30 am to 12:30 pm	DR. KONSTANTINOS VALAVANIS Decoding the Aesthetic Zone in Immediate Implant Therapy: The Marginal Migration Concept
12:30 pm to 1:30 pm	LUNCH WITH EXHIBITORS

FRIDAY, JANUARY 20, 2023 • AFTERNOON SESSION

1:30 pm to 2:30 pm	DR. JEFFREY GANELES Robotic Guided Surgery in Implant Dentistry
2:30 pm to 3:30 pm	DR. RICK FERGUSON In Office Fabrication With Outside Design for Efficiency and Quality - Keys to Clinical Success
3:30 pm to 4:15 pm	BREAK WITH EXHIBITORS
4:15 pm to 5:15 pm	DR. KELLY MISCH Utilizing Digital Technology for Treatment Planning and Case Acceptance in Periodontics
5:15 pm to 7:15 pm	WELCOME RECEPTION

SCIENTIFIC PROGRAM

AUXILIARY PROGRAM

MISSION STATEMENT

The ADIA's mission for the ICOI/ADIA Winter Implant Symposium 2023 is to provide attendees with up to date and clinically relevant dental implant education that will enhance their knowledge and value to the dental implant team. The main podium sessions will include an update of peri-implant disease and implant maintenance, a discussion on how to improve patient communication and case acceptance as well as strategies for dealing with demanding patients.

LEARNING OBJECTIVES

Upon completion of this symposium attendees will:

- Understand how to identify implant health and peri-implant disease
- Have reviewed instrumentation and techniques for implant maintenance
- Understand how to improve patient communication and case acceptance
- Have reviewed strategies for dealing with demanding patients

THURSDAY, JANUARY 19, 2023 • AFTERNOON SESSION

ALL ATTENDEES (PRACTITIONERS & AUXILIARIES)

12:15 pm to 12:30 pm	OPENING COMMENTS
12:30 pm to 1:30 pm	DR. DWAYNE KARATEEW Guided Bone Regeneration in the Age of Digital Dentistry

ADIA TABLE CLINIC SESSIONS

FRIDAY, JANUARY 20, 2023 • 5:15 PM – 7:15 PM

The ADIA is pleased to announce that it will once again host an ADIA Table Clinics Session at this event. Table Clinics are 5-10 minute presentations given via laptop and presented multiple times throughout the session. They are an excellent way of sharing your knowledge and experience with your peers and are part of the requirements for Fellowship credentialing. The winner of the table clinic session will receive a complimentary one-year ADIA membership, one complimentary auxiliary registration to a future ICOI/ADIA sponsored symposium, an award plaque and consideration for the ADIA main podium.

The ADIA Table Clinic Session for this event will take place during the Tabletop & Poster Presentations and Welcome Reception which is scheduled for Friday, January 20, 2023, 5:15 pm – 7:15 pm.

For more information visit www.icoi.org/events to download the application. Completed applications must be submitted to Dr. Avi Schetritt by November 11, 2022.

Dr. Avi Schetritt

Email: dravi@comcast.net.

Completed applications must be submitted by November 11, 2022.

For more information and registration visit www.icoi.org

ADIA CERTIFICATION COURSES

Please choose ONE program

Programs are conducted simultaneously in 3 different rooms

SATURDAY, JANUARY 21, 2023 • 8:00 AM – 6:00 PM

ADIA DENTAL HYGIENE CERTIFICATION PROGRAM (DHCP) ©

ANNA LOUISE TOLAN

Registered dental hygienists are at the forefront of long-term implant success. As healthcare professionals they are an integral part of the dental implant team providing indispensable oral hygiene therapy, educating patients and implementing clinical protocols. The DHCP provides evidence based training in co-diagnosis, treatment planning and patient assessment. The program will provide attendees with the most current protocols for assessing clinical parameters and techniques for the long-term maintenance and success of dental implants. The different types of implant restorations and the elaboration of patient specific hygiene protocols will also be discussed. Completion of the DHCP will provide the attendees with the knowledge and confidence to provide their patients with the ultimate care in implant maintenance.

ADIA DENTAL ASSISTING CERTIFICATION PROGRAM (DACP) ©

VAVI BOHBOT

Implant dentistry often involves long and complex procedures which sometimes create anxiety for patients. An effective implant assistant must not only set up for the procedure but also monitors the doctor's and the patient's needs throughout the procedure. A well-trained dental implant assistant is crucial to the smooth operation of the implant procedure and also ensures the patient's comfort and well-being. The DACP provides an in-depth education in surgical and prosthetic procedures, armamentarium, infection control, biologics and laboratory procedures. Completion of the DACP will empower attendees with the knowledge and confidence to be an indispensable member of the dental implant team and provide their doctors and patients with the ultimate implant experience.

ADIA PRACTICE MANAGEMENT & IMPLANT COORDINATOR CERTIFICATION PROGRAM (PMCP) ©

LESLIE ICENOGL

Dental implants are one of the most successful treatment modalities in dentistry and the demand for dental implants is growing exponentially. In order to successfully grow an implant practice however, a well-trained implant coordinator/practice manager is indispensable. This course will review and discuss creating an office culture, effective communication, conflict resolution, internal and external marketing, tracking productivity and profitability as well as scheduling protocols. It will also provide an in-depth education in surgical and prosthetic procedures, case presentation, communication skills and the oversight of all phases of an evolving implant case. Completion of the PMCP will empower attendees with the knowledge and confidence to provide their patients with the ultimate implant care while successfully growing an implant practice.

ADIA pre-registered participants will receive an email with instructions on how to access any handouts that may be provided by the speakers. It is important that all ADIA registrants provide their email to us in order to receive this information. On site registrants will be given the handout information upon registration so they can print the handouts at the hotel or wait until after the meeting.

GENERAL INFORMATION

TABLETOP AND POSTER PRESENTATIONS

FRIDAY, JANUARY 20, 2023 • 5:15 PM – 7:15 PM

You don't have to be a Main Podium speaker to participate in our congress. Why not plan to present a Tabletop and/or Poster presentation? A "proven training ground" for future and current Main Podium speakers, the very popular Tabletop and Poster competition will be held in tandem with our Welcome Reception in the Exhibit Hall on Friday from 5:15 pm to 7:15 pm. It allows presenters to interact with colleagues in a social, yet instructive manner. Tabletop and Poster presentations should display a challenging case or concept in a limited time format, i.e. 5-7 minutes, so that the case can be repeated as new observers gather. Poster presentations will be placed (tacked or taped) on boards at the beginning of the congress and will remain on display throughout the congress. Poster presenters should be at their posters to answer inquiries during the Welcome Reception. All presentations will be judged, with the winners receiving awards and main podium consideration for future ICOI meetings.

REMEMBER, ALL FELLOWS, MASTERS AND DIPLOMATES WHO CONDUCT TABLETOP OR POSTER PRESENTATIONS HELP FULFILL THEIR FIVE-YEAR MAINTENANCE REQUIREMENTS.

Parties interested in conducting a Tabletop and/or Poster presentation can download the application at www.icoi.org/events.
Completed applications must be submitted to Dr. Avi Schetritt by November 11, 2022.

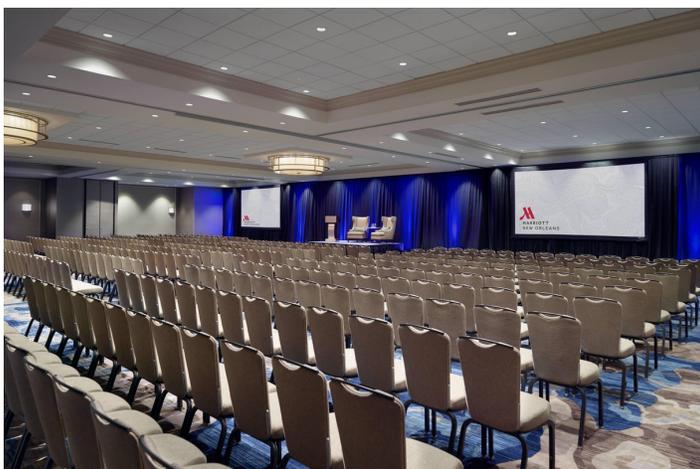

Dr. Avi Schetritt - Email: dravi@comcast.net

HOTEL INFORMATION

Our host hotel, the New Orleans Marriott, is located just a short walk from the French Quarter and the Warehouse District. With bustling nightlife and many local attractions, such as Jackson Square, the Audubon Aquarium of the Americas and Harrah's Casino, you won't want to miss out on a visit to the "Big Easy".

In order to receive the discounted room rate of \$249, reservations must be made by December 16, 2022. For reservations, please visit our website www.icoi.org/events or call (504) 581-1000.

Don't forget to mention that you are a delegate to the 2023 ICOI Winter Implant Symposium.

Preservation Hall at New Orleans Marriott

Riverview Ballroom Pre-Function Area at New Orleans Marriott

For more information and registration visit www.icoi.org

SOCIAL SCHEDULE

WELCOME RECEPTION

FRIDAY, JANUARY 20, 2023 • 5:15 PM TO 7:15 PM

Our Welcome Reception in the Exhibit Hall follows the afternoon session of the congress and allows for delegates to relax with drinks and hor d'oeuvres, socialize with colleagues, take advantage of product discounts being offered at the meeting by our exhibitors and to experience and discuss presentations made by our Tabletop and Poster participants. This aspect of the Welcome Reception continues to be a favorite amongst our attendees.

DIPLOMATE/MASTERSHIP/FELLOWSHIP AWARDS CEREMONY

SATURDAY, JANUARY 21, 2023 • 6:15 PM TO 7:00 PM

The Advanced Credentialing Awards ceremony will be held at the New Orleans Marriott and will celebrate our newest class of ICOI Diplomates, Masters, Fellows and ADIA Fellows. Attendance at this social event has grown tremendously, as our members have achieved their advanced credentials. It provides an opportunity for family, staff and other ICOI members to celebrate as we toast our newest credentialed members. Please indicate on the registration form the number of guests in your party. Dress is business attire.

ACCOMPANYING PERSONS PROGRAM

If you are planning to bring a spouse or companion, please complete the appropriate section of the registration form. A fee of \$225 will provide your spouse or companion with the following:

- Admission to the Welcome Reception on Friday evening
- Luncheons with the delegates on Friday and Saturday in the Exhibit Hall
- Morning and afternoon coffee breaks with the delegates in the Exhibit Hall
- Admission to the Exhibit Hall during show hours

Does not include admission to the General Session or Auxiliary Programs.
