ICOI WORLD CONGRESS XXXVI
LAS VEGAS, NEVADA

With over 1,000 attendees in Las Vegas, Nevada, September 27-29, 2018, the ICOI World Congress XXXVI was a huge success. The Bellagio Hotel and Resort was our host hotel for this superb program designed by Dr. Ady Palti.

A special thank you to our event sponsors:

**PLATINUM SPONSOR:** Glidewell Dental
**GOLD SPONSOR:** Impladent, Ltd.
**SILVER SPONSOR:** Salvin Dental Specialties

Presenters included:

**Dr. Mahdi Ali** (Scottsdale Arizona)

**POSTER:** Evolution of Implant Prosthetic Treatment in the Past Twenty Years

**Dr. Ibrokhimjon Azimov** (Tashket, Uzbekistan)

**The Choice of Implant Design Depending on the Quality of Bone Tissue and the Influence of Design on the Increase in Primary Stabilization of the Implant**

**Dr. Luis Brea** (Bridgeport, Connecticut)

**POSTER:** Missing Maxillary Anterior Tooth: 4 Guidelines for an Esthetic Outcome

**Dr. Todd Davis** (Las Vegas, Nevada)

**POSTER:** Immediate Implant Placement in the Maxillary Anterior Region: A Conservative, Multi-step Process to Obtain an Ideal Gingival Emergence Profile Using a Novel Technique in Fabricating a Custom Healing Abutment

**Dr. Robert Emilio** (Norwalk, Connecticut)

**POSTER:** Instant Happiness Just add Implant

Pre-congress courses held by each of these companies on Thursday, September 27th, were completely SOLD OUT. Thank you, sponsors, for your contribution and support in making this event a success.

The afternoon session on Thursday, September 27th, showcased our Young Implantologists program. Speakers included: Drs. Michel Azer (Kingston, Massachusetts), Suresh Goel (Pittsford, NY), Ricardo Kern (Curitiba, Brazil), Komal Majumdar (Navi Mumbai, India), David Quintero (FPO, Japan), Dale Rosenbach (Passaic, New Jersey), Alina Ruzanova (Tallinn, Estonia), and Paul YC Yu (New York, New York).

Thursday evening, delegates attended our Welcome Reception, which featured our very popular Tabletop & Poster Competition. Thank you to all participants!
Dr. Raquel Fernández Sevilla et. al (Madrid, Spain) POSTER: Guided Surgery in the Insertion of Pterigoid Implants

Dr George Giakmis (Athens, Greece) POSTER: Restoration of Bone Injury in Aesthetic Zone with Use of Platelet-rich Plasma and Platelet-rich Fibrin

Dr. Seung-Ryong Ha et al. (Yongin-si, Korea) POSTER: Implant Retained Overdenture Using CM LOC Attachment System in a Mandibular Edentulous Patient

Dr. Abdul Habeeb Bin Mohsin & Dr. Sheraz Barshaik (Hyderabad, India) POSTER: Peri-implantitits Management – Tips and Tricks

Drs. Parnward Hengjeerajaras, Raed Kadi, Paul YC Yu, Sang Choon Cho (New York, New York) POSTER: Anterior Teeth Replacement with Implant in Grafted Alveolar Cleft Site

Dr. Brian P Hoffman (Sarasota, Florida) Serial Extraction of Failing Maxillary Dentition and Immediate Implant Placement

Dr. Butchi Babu Kalakonda (Riyadh, Saudi Arabia) Diagnostic Relevance of Peri-Implant Sulcular Fluid (PISF) in Peri-Implant Diseases

Dr. Eiji Kato and Dr. Senichi Suzuki (Tokyo, Japan) POSTER: Establishment of Soft Tissue Integration With Antibacterial Titanium Abutment Surface

Dr. Waji Khan (Kingston, Canada) POSTER: Early Loss of a Central Incisor, Delayed Implant Placement and Soft Tissue Challenges Which Need to be Addressed

Dr. Inhong Kim (Daegu, Korea) POSTER: Comparative Histological Analysis of Mineralized and Demineralized Human Dentin Block Graft with and Without Micro-Holes.

Dr. Ines Kovacic (Zagreb, Croatia) POSTER: Rehabilitation of Extremely Resorbed Completely Edentulous Mandible with Short Mini Dental Implants

Dr. Josip Kranjčić (Zagreb, Croatia) POSTER: Knowledge of Dental Implants Among Elderly People in Croatia

Dr. Sang Jae Lee (Daegu, Korea) POSTER: Reconstruction of Traumatic Bony Defects with Osteo-inductive Tooth Block Bone

Dr. Winnie Lee (Sunnyvale, CA) Mystery Pain After Implant Placement in the Posterior Mandible

Drs. Kuan-You Liu, Reem Al Khalil, Chang-soo Choi, Sang Choon Cho (New York, New York) POSTER: Mandible First Molar Implant: Surgical and Restorative Considerations

Drs. Bhupesh Mandali, Natacha Reis, Klenise Paraños, Sang Choon Cho (New York, New York) POSTER: Decortication and Simultaneous Bone Harvesting During Ridge Augmentation Procedure

Drs. Seongchan Park, Phurin Hansakul, Takanori Suzuki, Sang Choon Cho (New York, New York) POSTER: Treatment of Soft Tissue Depression with Xenograft Bone Substitute after Implant Placement

Prof. Jae-Jun Ryu (Seoul, Korea) POSTER: Radiographic and Histomorphometric Analyses of Alveolar Bone Change After Socket Preservation with Demineralized Dentin Matrix Combined with Recombinant Human Bone Morphogenetic Protein-2

Dr. Nilesh Salgar (Kirkland, Quebec, Canada) OsseoDensification, Sinus Grafting, & Ridge Augmentation to Enhance Implant Success

Dr. Yun Joon Sang (Daegu, Korea) POSTER: Comparison of Immunohistochemical Analysis on Bone Regeneration in Maxillary Sinus Augmentation Using Demineralized Particulate Human Tooth Graft and Anorganic Bovine Bone

Dr. David Sullivan (Mint Hill, North Carolina) Grafting Protocol for Immediate Implant Placement and Temporization When the Buccal Plate is Missing

The winners were: First Place: Dr. Kuan-You Liu, Second Place: Dr. Yun Joon Sang, and Third Place: Dr. Winnie Lee. Congratulations to all!

Continued on next page
Friday morning, the main podium lectures began with Prof. Stefan Renvert discussing "Non-Surgical Treatment of Peri-implantitis." Prof. Fouad Khoury followed with his lecture, "Current Concept in the Surgical Treatment of Peri-implantitis" and after a short break, Prof. Jaafar Mouhyi continued with "Peri-implantitis: What About Implant Surfaces and Positioning." Dr. Dr. Joseph Choukroun concluded the morning session with "Peri-implantitis: A Novel Biologic Approach: Prevention and Treatment." After lunch, Dr. Sonia Leziy reviewed "Implant Esthetics: New Approaches, Treatment Concepts and Material Selection" followed by Dr. Michael Tishler with his lecture titled "Avoiding Complications with Full Arch Screw Retained Zirconia Bridges." The final two speakers of the day were Dr. Randolph Resnik followed by Dr. Rick Ferguson who spoke about "Occlusal Considerations in Oral Implantology" and "Achieving 3D Implant Positioning for Clinical Success and Peri-implant Health with a Digital Guided Surgery Workflow", respectively.

The Awards Ceremony, held immediately after the last lecture, was a time to honor our delegates who received their advanced credentials.

Proudly obtaining the highest award that the ICOI offers were these DIPLOMATES WHO ARE SHOWN WITH THEIR CERTIFICATES AND MEDALLIONS:

Dr. Hesham Abdulkarim
Ballwin, MO
Dr. Theodore Ameredes
Oakdale, PA
Dr. Shahdad Ayoughi
Vancouver, BC Canada
Dr. Yankel Azran

ICOI Fellowship recipients in Las Vegas.
Saturday morning began with Dr. Justin Moody and his discussion of “Prevention of Peri-implantitis Using Digital Dentistry Treatment Planning”, followed by Dr. Marius Steigmann addressing “Surgical & Prosthetic Soft Tissue Development.” After a short morning break, Prof. Dong-Seok Sohn covered “Simplified Management of Huge Bony Defect Caused by Peri-implantitis and Periodontitis Using Sticky Bone Substitutes and Autologous Tooth Bone in Implant Dentistry” and Dr. Lincoln Harris finished up the morning session with his lecture, “Is Evidence Based Dentistry Dead? It’s Just Knowledge.”

Dr. Ady Palti began the last session of the event with “Zero Bone and Soft Tissue Loss Concepts: 2018.” Dr. Craig Misch reviewed “Peri-implantitis: The Aftermath” and finishing up the day was Dr. Homa Zadeh with “3D Reconstruction of Atrophic Alveolar Bone by Modular Bone Augmentation (MBA)” and Dr. Howard Gluckman with “Partial Extraction Therapies.”

Thank you to all of our speakers who helped to make this event a huge success.

We thank everyone who attended and look forward to seeing you at the New York Marriott Marquis in New York, New York for ICOI’s World Congress XXXVII, August 17-19, 2019.

For more information, please visit www.icoi.org.

ADIA Program in Las Vegas, Nevada - September 2018

The ICOI/ADIA World Congress XXXVI in Las Vegas Nevada was a magnificent success with a record number of dentists and auxiliaries in attendance. The ADIA program continued its tradition of fulfilling the ADIA’s mission of providing the most up to date dental implant education for the entire auxiliary team.

The almost two hundred auxiliaries in attendance got off to a great start on Thursday afternoon together with the doctors listening to the Young Implantologists program. The meeting continued Thursday evening with the cocktail reception where attendees caught up with friends and colleagues from around the globe. The cocktail reception also featured an amazing array of educational and innovative table clinics and poster presentations.

The Friday morning ADIA program opened with keynote speaker Joy Millis who educated and energized the attendees with her experience and wisdom. The remainder of the day featured a stellar lineup of educators and clinicians. The highly acclaimed ADIA advanced certification courses were presented on Saturday. These certification courses are specifically designed for assistants, hygienists, practice managers and implant coordinators and provide attendees with the knowledge, skill and confidence that will make them an integral and indispensable part of the dental implant team. The certification courses are part of the requirements for ADIA fellowship, the most advanced ADIA credential. ADIA fellowship demonstrates an auxiliary’s commitment and dedication to implant dentistry and is a springboard for many ADIA main podium speakers.

Please join us for in Phoenix Arizona for the ICOI/ADIA World Winter Symposium in February. The podium will feature an outstanding group of speakers and clinicians that and promises to enhance your daily practice. I hope to see you all there!

Best regards,

Avi Schettrit, ADIA Executive Director

Dr. Leonard I. Linkow Gold Ring Award in Excellence for Continuing Education: Dr. Kenneth Judy was honored to receive this award from Andrew Valen in Las Vegas.

Lety Cisneros received her Advanced Certified Implant Auxiliary Certification in Las Vegas.
29TH ANNUAL NYU / ICOI IMPLANT SYMPOSIUM

November 10, 2018

NYU College of Dentistry and the ICOI’s joint effort was once again a very successful event. Together we are filling a growing need that the dental community has for advanced education in implantology. Not to mention the increasing number of participants seeking ICOI advanced credentials. Dr. Steven Chu and Dr. Kenneth Judy were responsible for this year’s program.

Dr. Stephen Chu began the day with his lecture, “Peri-implant Soft Tissue Preservation & Enhancement with Bone Allograft”. Dr. Stuart Froum followed with “Implant Complications We Never Considered 25 Years Ago When We Placed Implants”. Just before the morning break, Dr. Randolph Resnik addressed, “Avoiding Neurosensory Impairment Complications in the Posterior Mandible”. And finishing up the morning session, Dr. Daniel Buser was presented with The Robert N. Eskow NYUCD Implant Dentistry Award in Recognition of Outstanding Achievements and Significant Contributions to the Science and Clinical Application of Osseointegrated Implant Dentistry.

After lunch Dr. Ady Palti kicked off the afternoon with “Narrow Ridge Treatment Concepts: Adapting the Implant Shape to the Available Bone.” Dr. Edgard El Chaar then presented “Innovative Strategies and Techniques in Ridge Augmentation”. And Dr. Paul Petrungaro finished out the program with “Graftless Treatment Options for the Atrophic Maxillae”.

Proudly obtaining the highest award that the ICOI offers were these DIPLOMATES WHO ARE SHOWN WITH THEIR CERTIFICATES AND MEDALLIONS:

glidewelldental.com  888-974-5368

*Price does not include multi-unit abutments, shipping or applicable taxes and may vary when original equipment manufacturer (OEM) components are requested or required. †Half of payment is due after first appointment; half is due at final delivery. **Warranty is provided to the prescribing dentist and is nontransferable. For complete warranty details go to glidewelldental.com/policies-and-warranties.
IMPLANTO DAYS

Moldova

December 14-15, 2018 ImplantoDays and the ICOI Europe organized a very interesting and successful Implant Meeting in Chisinau the capital of Moldova!

The latest trends in dental implantology were presented in Chisinau. ImplantoDays organized an extraordinary congress with lecturers from Romania, Moldova, USA, Germany, Greece and Ukraine.

It was the first time the ICOI and ImplantoDays worked together to present Implant Education in Moldavia. In cooperation with the local Dental School and the Dean Prof. Chele. This ICOI global education in Oral Implantology will be repeated every year to advance the local implant level.

More than 200 local doctors attended this great event and we hope to see all of them soon at other ICOI meetings or back in Moldavia next year.

ICOI DIPLOMATE COURSE

Baden Baden, Germany

Congratulations to Dr. Ehud Teperovich on receiving his ICOI Diplomate in Baden Baden November 30-December 1, 2018 at the ICOI Diplomate Course in Baden Baden, Germany.
After the great success of this first innovative conference, the second Smart Casual Dentistry Symposium took place October 5-7, 2018 in Athens, Megaron. The organizer ICOI Hellas in partnership with ICOI.

A discrete atmosphere, less formal, friendlier and more casual, combined with top level scientific presentations by top international speakers, it was once again the characteristics of the conference.

The social events were perfectly organized, as well as the innovative podium that gives the floor to young and “less young” colleagues to present their work, compete and be recognized.

It was a great scientific implant event very well organized and supported by Dr. Valavanis and his team.
Mauritius

The 18th International Congress of SFBSI and ICOI 2018 took place from October 29 to November 03, 2018 at the Sugar Beach Mauritius - Mauritius Organizer: FRENCH SOCIETY OF BIOMATERIALS AND IMPLANTABLE SYSTEMS (SFBSI) and the ICOI.

The congress topic was: The World is Moving Forward, Implantology too. The SFBSI and the ICOI brought together people from all the medical and implant world: dental surgeons, stomatologists, maxillofacial surgeons, prosthetists, radiologists, biologists, fundamentalists, researchers, liberals and academics interested in Implantology and global occlusal rehabilitation.

The speakers focused on implant innovations and covered all aspects of modern implantology during this fantastic event.
ICOI China

The ICOI’s vision is to substantially advance the science and quality of the practice of implant dentistry. To guarantee our mission and vision, the ICOI organized with our ICOI China partners an Implant meeting in Hangzhou October 23-24, 2018.

Among the ICOI international speakers presenting at this meeting were: Dr. Joseph Choukroun who discussed, “What Do We Have to Change in Our Protocols in Order to Achieve Better Clinical Success”. Dr. Simonpieri reviewed, “Implant Prosthetics and Planning” and Dr. Palti covered, “Esthetics in Implant Dentistry: From Full Arch to Single Tooth.”

Prof. Chunbo Tang, Professor at Nanjiang Medical University, Jiangsu Provincial Stomatological Hospital, received her ICOI Diplomate with Dr. Ady Palti, ICOI Co-Chairman.

(left to right) Dr. Alain Simonpieri, Dr. Ady Palti, and Dr. Joseph Choukroun.
**ICOI Items of Interest**

**IDREF 2018 CONTRIBUTORS**

ICOI’s Implant Dentistry Research and Education Foundation (IDREF) was established in 1993 in order to substantially advance the science and quality of practice of implant dentistry and to foster high standards of research and education for all dental professionals. Through IDREF the ICOI raises needed funds to support these goals. **For their generosity we thank:**

Trust The Science

Innovative Solutions For Improved Outcomes

Puros® Allografts have defined the standard for successful tissue regeneration. Our teams of scientists, engineers, and clinicians are known for providing proven regenerative solutions. Using the science of Tutoplast® technology, Puros Allografts offer unprecedented levels of safety, quality, and performance.* Designed to provide a scaffold to support revascularization and re-population by the recipient’s tissue. Backed by more studies than any other allograft, it’s easy to see why clinicians all over the world trust Puros Allografts to be the science behind their success.*

Trust us with the future of your patient care. Call 1-800-342-5454
