We are pleased to announce that ICOI Japan held a two-day intensive symposium on July 8-9, 2023 in Shinjuku Tokyo, Japan. Due to the COVID pandemic, we were forced to hold our annual symposium online for the past three years. Finally, we were able to come together for this symposium and share our knowledge in-person.

Over 300 members including five members from ICOI Korea attended the meeting and six new ICOI Fellowship Credentials were awarded. We were so happy to be able to gather once again and enjoy the Gala party without masks. We hope to see you soon at our next World Congress or any local meeting.

We look forward to reuniting our world relations.
